Education

South East Technological University (SETU)

B.S (Honours) Software Development, GPA: 3.6

Carlow, Ireland

Sep 2024 – Present

Apostolic Faith Secondary School

West African Secondary School Certificate, GPA: 6A

Lagos, Nigeria

Sep 2017 – Aug 2023

AptechLearning

Diploma in Information Systems Management (DISM)

Lagos, Nigeria

Sep 2023 – Aug 2024

Experience

Frontend Developer Intern

STACKIVY

May 2024 – Aug 2024

Lagos, Nigeria

- In the landing page redesign, I built the responsive layout in HTML and CSS, which improved my flexbox skills and made me faster at mobile-friendly design.

Peer Mentor

South East Technological University (SETU)

Sep 2025 – Present

Carlow, Ireland

- Supported first-year students by providing academic guidance and wellbeing support, enhancing their confidence and integration into college life.
- Organized mentoring sessions and group activities to promote collaboration and effective study habits, resulting in improved student engagement.
- Collaborated with faculty and student services to identify and assist mentees needing extra support, fostering a positive learning environment.

Projects

Event Attendance Register (Personal) | Node.js · MongoDB Atlas · Tailwind CSS

May 2025 – Jun 2025

- Developed and deployed a responsive event registration web app using *Node.js*, *Express*, *MongoDB*, and *Tailwind CSS*, enabling over 50 guests to register seamlessly.
- Implemented secure admin authentication with token-based login and real-time data export to CSV, improving event management efficiency. (Render platform)
- Integrated MongoDB Atlas for cloud-based storage and deployed on *Render*, ensuring reliability, scalability, and smooth user experience across devices.

SoccerVerse - FIFA World Cup 2026 (Personal) | Node.js, React, Tailwind CSS, MongoDB

Oct 2025 – Present

- Built a full-stack web app (*SoccerVerse*) using *React*, *Node.js*, *Express*, and *MongoDB*, enabling users to send and store contact messages securely.
- Developed RESTful APIs and integrated frontend-backend communication with *Fetch API* and *CORS*, ensuring smooth and reliable data submission.
- Designed a responsive UI with *Tailwind CSS* and deployed the app on *Render*, improving accessibility and user engagement.
